Prequel (Part 1)

Hi

this prequel is pretty long. finally got to its 50% so i made it in 2 parts.

here is the first part.

If you liked the MTLed story please follow [this link](#) , to support me.

I encountered a traffic accident by an error of God mistakenly, I who had died was given the right to reincarnate in another world.

because i seem to be granted a skill to live at the other side , i decided to be transported to another world without question.

seems this world has magic , adventurers guild and slavery whereas monsters exist too.

I heard that there was slavery, and I was delighted.

i lived for 30 years, and there was never a a case to have a girlfriend, on top of that with an ugly face which no one could be interested in.

like that, i was not even slightly popular.

Because even I can buy a slave, I can flirt with a girl.

my obsession with lolita can be realized in this other world which the problem of criminal law does not exist.

It is vulgar even if I do say so myself.

Because my body lost various places of it in the traffic accident, God will make the body newly on reincarnation.

Well, by all odds my body was a body of the women when I looked about in the other world.

A girl of around 16 years old was reflected when I watched myself who was reflected in the surface of the water.

Hair tinged with brown which grew to my shoulder, and the features that can't say that it was a matchlessly beautiful woman, but it could be said that I was pretty enough.

Two hills of the chest asserted itself well, and the thing which there should have been disappeared between the crotches so far.

When because I reincarnated and can communicate with God immediately, I hear what happens.

「though I requested God for body recreation, proper gender transmit was likely impossible.

I'm sorry, but I cannot change the thing which I have made once.

Please give up and lead your second life by this form.

oh, I think it isn't bad To experience the different nature」

With that, to give up so easily! I can have never graduated any more from virginity any longer.

Then there was various trouble for one year, but I did my best.

I began to earn a lot of money by becoming as the top adventurers with effort which was hard , as I think i never worked so hard in the previous life to get there.

I say why so much hard work, because still I have to buy the girl slave Akkirame . Even if i changes to a female body, the desire to only want a cute girl has not disappeared.

However, I really had a hard time at first.

It took a lot of time to get accustomed to the new body like how to put on underwear and excretion method.

And it wouldn't be possible to forget the confusion when menstruation has come for the first time, and embarrassed for life.

besides, with adventurer job at the first was hard to make a living.

There were all sorts of prices for the slaves, but the price of the young woman for sex slave made you feel awfully hopeless.

But I didn't give up, "Go around when hurrying.", I bought a male slave for battles (rather cheap), made a party and aimed at raising my income .

I manage a skill, add to my experience, raise the income, buy strong equipment by money I have got and aim at the higher income.

I might be put at risk of life and death on the way, but finally i was able to become very rich in one year.

Well the majority would be thanks to the skill.

By the way, the skills that I got from God are these three.

Swordplay
exploration
trap release

If a sword could last, with Swordplay, i was able to fight against a monster with an amateur like me and physical ability was big and rose just to have a sword if I forged it.

exploration not only i wont get lost, i can find the traps and hidden room in the labyrinth .

Besides it's also possible to find a monster, so you can also find that a monster is avoided first, catch it off guard and apply a surprise attack.

The trap release skill can only remove a trap.

In fact, this skill will produce gold the most.

There is a maze in this world, and it's possible to extract rare ore and artifact from there.

The artifact is traded with large amount depending on its amount on an ancient demon tool.

A person rarely enters a labyrinth with a lot of traps, and only there can you find many artifacts.

It's a skill dramatically useful, by using it according to the exploration .

Two men battle slaves.

One was Pete, a 16-year-old boy whom I worked as rocker-hyo, and the physical ability was low, and the price was cheap, too.

I use it for an assistant in trap cancellation, and for household use.

I keep a spear at the time of battle and let him attack it away from the monster.

As for another one, Gerd, he is 18 years old.

Very short and stout and strong legs, with no combat experience of late.

The price was common.

I make him equip with a shield and an ax and give the part of basic vanguard.

When I made them practice a longbow, it took time, but it was possible to acquire and when finding a monster first by combining with my exploration , it could be annihilated in one hit kill.

Some courtesan district in the Imperial capital, I enter one house eventually.

I met with Marilyn-chan, that i am fascinated with now.

「It is been a while, miss Izumi.

I wanted to meet you.」

By the way, Izumi is my name.

Well, The goal is to buy a slave, don't it? I have been trying hard for one year.

Reward to itself is sometimes needed.

There is also a brothel to meet a wide range of needs out there in courtesan district, that's OK for female customers also to come to these stores.

It's the pleasure for once a week and motive power.

Because I must save money and fix the equipment, I can't come every day.

I bury my face in the rich chest of Marilyn and heal my fatigue.

You may taste bad mood when being an adventurer.

Marilyn dispels stress for my one week.

「Ha *happiness* .

The chest of Marilyn is as soft as ever.」

「ufufu, Izumi like it, shin〜」

There is also a bath in the room at the high-end store in the district.

I take a bath together after thoroughly having enjoyed Marilyn s chest , and I enter the bed afterwards, and morning is a usual routine.

By the way, it is Marilyn s pace from beginning to end.

My whole body is attacked slowly and carefully, and I lie wearily in a bed today.

「HAA,—FUU,—Marilyn is still too wonderful,...」

「Izumi was cute, too.

In particular, your lovely voice could help me do it more.」

When I was first doing say an-an! I had the hehehe.(TN: ?)

Because I practiced by myself in various ways, I was confident.

However, when I actually started there is a world of difference in competence, first, I can attack but was ascended to heaven immediately about twice in return when tired to attack, i had been addicted to being aggressive if you notice.

Marilyn is awesome.

I Apart from the happy time with Marilyn-chan, I'm going to try it when I bought the slaves, and occasionally do the offensive way.

Prequel (Part 2)

finally finished the prequel. i did not know that MTL took this much time and energy.

the sequel will come in a day or two.

If you liked the MTLed story please follow [this link](#) , to support me.

After reincarnating to the other world, 1 year passed by, i dived into the labyrinth whose numbers are few, with the usual way of many trap release , i discovered a room.

When a complicated trap was released and i entered the room, a minerals and artifacts and money was scattered about in the room in abundant.

It will become a ridiculous amount of money when i went to sell it carefully.

I'm going to be rich as a wealthy merchant with these things in my hand in this way.

Here compared to Japan has the law of the jungle, there are bad people approaching my property, but there are no problems here.

We excavate many artifacts so far, We're equipped with gear that has grinding tool inside in a way that we wont lose to an upper-class adventurer opponent so easily.

Especially Pete, by mastering more difficult grinding tool for handling physical ability in dexterity who has been trained to assist in trap release of the low ones, had become stronger than me.

To buy the mansion, employing the servant, completion of preparation. I visited the firm to buy a slave.

In front of the large brick building, there is sign written Kalgan slave trading. It is the high quality-oriented shop which is different from the firm where i bought those two slaves for the battle before.

When i go in, A plump man approached.

「what can I do for you? What kind of business will it be today?」
I like the girl who came in to give service with hospitality .

Looks quite promising.

「I came to buy a slave today.

This letter of introduction from the misugiri firm. 」

I had misugiri firm write a letter of introduction because they only had slaves for battle, or for the labor, where i bought my slaves for battle from.

「 Certainly, it is a letter of introduction from the Misugiri firm.

Then this way, please!」

I am guided by the plump man on the first floor.

「What kind of slave do you want today?」

Now, what to do? I cannot achieve my purpose if I do not say honestly.

But I hesitate to speak with my heterosexuality.

「I want a woman slave ... 」

「A female slave? for what kind of use are you purchasing? There are various types of slaves at this place for guards , for battle and for servant」
It's so.

I thought so, if I don't say clearly , i cant purchase what i want.

let's not be shy, and say clearly.

「I want a sex slave girl.

A virgin with the age at around 15 years old」

I have spoken frankly.

Moreover if it was Japan, 15 years old was crime.

But the exquisite age between the middle of a child and an adult is my ideal age.

I have come here, I'll look!

「I understand.

Then, please wait a moment here.」

the chubby guy was momentarily surprised but quickly return to a business smile.

the plump man came back with three girls in a few minutes.

UO～! Very pretty! All three of these girls are as beautiful as idols.

Although the figure of these 3 girls are different, but they are all cute.

suddenly my body shook from the thrill when I thought that I could make one of these one's mine.

And, the plump man seems satisfied with my reaction and is smiling.

「They are all 50 gold coins at the same price.

And all of them are virgins.

You can confirm on the occasion before purchasing in another room.」

I'm going to see it after all and confirm their virginity.

Oh crap I have become excited.

but i don't know which one to choose between these 3 beauties.

「I'd like to think for a while about whom to choose , will you wait a little ?」

「I understand.

As you may take your time, please sit down on that sofa.

If you feel like seeing other slaves, please speak.」

The plump man said so, and entered the inside of the store, and the female servant was making tea for me.

Who NOW! The left girl has fluffy hair and a gentle feeling and beautiful which is nice, but the right beauty has unyielding eyes.

the beauty at the middle has a pristine aura to her, too.

When I was troubled , the plump man came back.

「Excuse me.

Is customer an artifact hunter and a famous senior adventurer ?」

「Yes, but how do you know?」

「We have a unique information network in our slave dealer firm.

And why we say or hear a thing? The fact is that there are slaves in anticipation who want to be introduced to customers who are senior adventurers.」

In that way I was led to the back of the shop and was introduced to one girl there.

I looked at the girl, It took my breath away.

There was a tremendously beautiful girl there.

Silky blond hair grew down to her waist, with a look of immaturity on a beautiful young girl which can melt the heart of any men and women.

slender hands and legs and fair skin gives a delicate impression, and the feeling that you must not touch her so easily.

however, compared to her divine appearance, her expression is quite dark.

she has a face that has given up on a lot of things.

is that so? like, Slavery is not what I want.

only a handful of those will be redeemed by a gentle master, It's like there 's almost no future.

You wouldn't be able to have an ambition.

Although the three earlier did not show a dark look, they just had a nice expression in order to be bought by a person with even a little good treatment.

But I don't hesitate to buy a slave.

Slavery does not disappear even if I did not buy and, It was my goal to buy a slave when I lived in this world .

Well, About the girl in front of me, I feel a noble atmosphere somehow.

It feels like she was brought up as some young lady.

but, it seems to have a dead expression, with the first look when I came into the room .

I mean I was just tired, sigh.

「customer, she is at age 15 and virgin.

and, If you'd accept a condition, we'd like to offer her in 50 gold coins.」

50 gold coins?... I thought it was higher.

「A condition?」

「yes, Contents of the condition is that you do not let go and sell her elsewhere and do not leak her real name to another person.

If you want to let her go, sell her back to us.」

「There are no problems with its condition, is there some reason behind that?」

I feel that there is some reason for it.

「Yes, her name is Emilia Doirindo.

actually She was the daughter of a noble family, they lost in a political dispute recently and has been ruined.

All her families are considered to be criminals, She became the property slaves of the kingdom, then she were sold off to our slave dealer firm in the lottery.

However, I was able to learn from our information network that the political opponent rivals of her house is going to possess her and give her humiliation.

Because i am in debt of her house from before, I want to do something, It isn't possible to free a criminal slave without permission and, I will be blamed in the country if I leave her in the slave shop all the time.

The situation is that the nobility supporter's of her house lost their power, too. So I was looking for a person with powerful standpoint away from the aristocrats.

How about it, will you take her?」

Wow ~, It was more than I thought.
However, if I do not buy her, she will become unhappy here certainly.
I can only think of her from the time i had a glimpse.

「Whatever reason does not matter at all! Please give her to me!」
「Is it true! Thank you very much.
please treat her well. 」
So I became the Master of Emilia.

Sequel (Part 1)

It took more time this time because the sequel is longer than the prequel.

I made it to 50% so here is the first part.

If you liked the MTLed story please follow [this link](#) , to support me.

Sequel

After that, A careful interaction to possess a slave, I'm going to take charge of Emilia.

Emilia had a surprised look at that moment when she knew that I have become her new master.

Why, maybe it was unexpected.

Because although she thought that she would become a sex slave of some middle-aged noble or rich person, she was bought by a girl not much older than her too much.

「Thank you Master.

My body and heart are yours from today.」

prompted by the merchant, Emilia greets me.

Master, she said, it has a nice ring to it.

Her expression is dark as ever.

A sense of guilt comes out a little, When time has passed, does it change?

「Hello Emilia.

I will take good care of you.」

I will thoroughly teach you from what to what slowly and carefully gently.

Gufufufu

By the way, the function of the slave's collar prevents the offensive acts toward the Master, Suicide prevention, escape prevention Only these three which only a professional can remove it.

There are no feature which make them to execute an order, in the function of

the collar.

However, Slavery is managed by the kingdom, Only the slaves who were traded can go in and out of the town.

Therefore, it is difficult to escape, The slaves who try to disobey are usually very little.

In addition, It prevents it from being abducted for slavery without any reason because the kingdom manages it.

By the way, I want to get along well with much effort.

What should I do to befriend her, In the novel which i read in my previous life, shopping together, having a meal together, adventure together had a good effect.

So, let's go to buy clothes!

I would like to somehow change Emilia's dark aura quickly.

We came to a luxury clothes shop in the town, but Emilia's expression did not change.

It is not like, I have no interest in shopping.

When I entered the real shop, I show some interest, she may choose to love me actively when i am choosing clothes.

However, when i see the design and decoration, i have a disappointing facial expression. Because it is helpless, there only 2 or 3 clothes to choose from.

There seems to have been nothing satisfactory with common people's luxury store.

Then, I brought her to my mansion which I purchased recently.

If it's useless by clothes shopping, let's eat a good meal together.

I employed an upstart cook, and made an unreasonable demand to make us a dish that I liked.

Thanks to god, I am satisfied with the taste being better than a common restaurant.

I let a maid withdraw after having entered the mansion, when It became just the two of us in the room , Emilia came up to me suddenly.

「Master! I have a request.

Please please take me to Kario dukedom」

「Oh? Why so suddenly, ? Moreover, to such a far place?」

Duke Kario is a noble with a vast territory in Oita away from the Imperial City, because it is away from the king and have its own forces, It is less affected from the Royal Palace aristocracy.

「It is on purpose.(TN: ?)

But, It is necessary for restoration of Doirindo house.

It is a considerably far-off place, but Kario duke will surely help me if I arrive at the dukedom.

The kario duke owes my family.

I promise a suitable reward and honor for Izumi-dono in the dawn of the Doirindo house revival.」

That would be a problem.

Indeed to be asked for such a thing.

However, it isn't possible to receive this request.

As one of the reasons,

「That's not possible.

Emilia is a crime slave and can't go outside the city without the King's permission.」

The reason is that, In particular crime slave are restricted from changing their location.

Moreover, With escape prevention function of the collar, the location will be exposed as soon as it leaves the Imperial City.

「Can't I go out secretly? i can shake off the pursuers by sending a messenger and escape to Kario dukedom ... 」

「That's also impossible.

Even if I go out secretly, the function of the collar can't be fooled and, it's also impossible to shake off the pursuers.」

In this country there is an exclusive chivalry which catches a runaway slave. You can't escape from them easily.

「Somehow ... one way or another ?」

「It isn't possible.

Even if you can run into Kario dukedom, it isn't possible to remove the collar there.

I do not think that you can revive the house as a slave.

And if a crime slave is taken out of the capital without permission, even I'll become a criminal.

And even if I do and grant your request, I have no benefit in that.」

「tsu! Isn't Izumi-dono been asked by anyone in the house of Doirindo? That slave dealer was not a friend? 」

「No, I'm the someone who doesn't have any connection with the house of Doirindo, your house's opposition or aristocrats.

That's why I was introduced to you.

Give up the revival of the house.

You'll be mine from today.」

「Such ... Then I'm a slave really for life Uu ... 」

Since I have become a slave in this country, it is already hopeless.

The crime slave in particular will not be emancipated and have to give up.

Typically, The slaves who are sold at the trade mansion understand their own circumstances and they accepted the fact that it is useless to disobey and defy.

Emilia does not seem to accept her situation because of its special circumstances.

But I in the merchant's office should have said clearly to buy her for Hentai purposes.

(The love between the same sex isn't unusual so much in this country.) Still it's because her destiny would be miserable if she was bought for an aristocrat, that the slave trader introduced Emilia to me.

This nation's aristocrat is merciless to the opponent he dropped to be slaves.

「Be at ease Emilia, I do not let you live an inconvenient life though i cannot help with the revival of your house.

I have you work for me since you became mine, I am not going to be so terrible」

I may do some slightly bad things.

「.....But then why did you buy me? If not for the revival of the Doirindo house ... 」

wao! Do you hear that? I thought it was also with mutual consent when buying her, It will be different as far as I heard the story.

「..... Eh and ...The reason that i bought you..... Well of course I did get you as a sex slave!」

「 ! ! ! 」

「After all, because Emilia was the best choice」

「NA!.....」

My gosh! Emilia`s vision became distant.

「errr ... Isn't such handling expected?」

「No, Since I became a slave, I can prepare! However, I just had an absurd hope because it was different from the buyer, which i had expected.

..... After all, I want time to prepare my mind for a little」

Oh, to some extent I was ready for it.

「I understand.

You may use the guest room until you calm down, you can relax there」

「Is it true! Thank you very much.

It was good that I was bought by Izumi 」

「that ... Take care of your Master」

Emilia came to live in the guest room from that day.

I made sure that she followed some housemaids and live a well-situated life.

Sequel (Part 2)

Hi

This is the last part, and the ending of the story.

If you liked the MTL, please go to [this link](#). (wait for 5 secs and click skip.)

Thanks for reading and support. if you have any suggested story please tell me in the comments.

I know Emilia`s circumstances, i also understood that her heart is not ready yet.

A gentle protagonist is spending time here, and I`ll wait for Emilia to open her heart.

But, I`m a vulgar fellow who has no self-control.

I want to be praised for putting up for one night.

Evening of the next day that i bought Emilia, I crept to the room to sleep with Emilia.

Emilia was quite relaxed and was fast asleep.

When I shook her shoulder and woke her up, Emilia opened her eyes, surprised, her body stiffened.

「Oh, Emilia woke up?」

「 ! ! ! 」

「How is it? Is your heart ready?」

「.....very」

After having been considerably at a loss, the Emilia nodded.

I`m so tense and slightly nervous.

I will leave it at a rather light physical contact today.

「It`s OK, I just sleep together today, A strange thing is done only a little.」

「..... Just for a little?」

「Just a little」

I held and embraced Emilia`s head by both hands, and kept stroking her head for

a while.

I enjoy the touch of her smooth hair thorough my fingers while combing it by hand.

I will not get tired of being awake with this smooth and free-flowing feel.

Unlike when i had a man`s body, now i am able to satisfy my feelings even with mild physical contact.

I enjoyed it thoroughly and I kiss her forehead in the end.

「A Good night kiss.

also from Emilia, Please 」

she seems very tens and gave me a kiss on the forehead.

after that for one week, It came to sharing the bed with light skin ship and a kiss every day.

Emilia seems to get used to this life, and her reservation is disappearing gradually.

When I hear about something which I want, a High-class furniture set and the dress by a famous tailor several dozen of them will arrive, I say that I`d like a full-course dinner with the luxury ingredients for the dish.

i was thinking. 「i wonder if there is a holiday like the other world.」

What on earth citizens of this country, do .

And Emilia may be unexpectedly bold, too.

Today being badgered, I have gone out with two people to see a play.

I`m not interested at all, I`ve been going out just for Emilia.

Though I should be her master

But, if i thinking about it as the first date with a girl, it may not be bad.

I was attacked by several men on the way back.

though i turned the tables around on them.

perhaps these hooligans were employed by Emilia`s house`s opponents.

It is not allowed for even a senior noble to injure a slave of another person.

They are not even a little afraid to come and openly attack.

That day, I was holding hands with Emilia for the first time.

that made me feel reliable.

As this my reasoning was gone by Emilia.

Just now i feel horny

When I kiss her more deeply than before, Emilia accepted it without resisting. Because of suppressed lust, I was absorbed in Emilia earnestly.

One year later,

I start with a good morning kiss, As I kiss her, as we Kiss, our eyes meet while kissing, and also at night there is a good night kiss.

i became immersed in this lovey-dovey state.

The outside became noisy suddenly today when I was absent from work and was flirted with Emilia from morning.

When i look outside, the mansion was surrounded by the guard.

I was arrested with a crime that i did not comit.

I did not have a say in it even if it was a mistake.

I'm worried about myself and also about Emilia.

I am afraid that what kind of treatment will i get, it is unbearable.

However, it was a needless worry.

Surprisingly, Emilia was freed and i was charged with the crime of her being my slave and became a slave.

Why did this happen?

In fact, a political change was caused a little before.

In fact, Emilia`s father who was thought that died 1 year ago was still alive, got his political opponent to fall into a trap while being off guard, made a magnificent comeback, and obtained a mightier power than the past.

A crime was put on me so that Emilia could be freed.

I who became a crime slave was put up for auction, for a considerable price.

Oh, because i was an adventurer who became considerably famous.

If i say so myself, i am considerably beautiful.

I am not glad about it now.

Then the education to the ways of a slave was given to me, The day has come to be handed over to my master.

The man who bought me at the auction seemed to be just an intermediary and i will meet the man who will become my master for the first time.

I was introduced to a small-statured person who wore a hood, and i was urged to greet him.

「Thank you Master.

My body and a heart are yours from today.」

「Best regards Izumi.

I will take good care of you.」

It was a familiar woman`s voice.

Emilia who took her hood off was there with a pleasant smile.

I who had begun to despair, started to cry in joy.

I liked Emilia very much, but Emilia thought of me, too.

No, I`m sure it will be the same in the future as before , It`s different from before and the two of us will live happily as lovers.

Sincerely, it seems it was good to come to a different world.

I was being so carefree, Without also knowing the future destiny.

「Thank you Emilia.

I am really glad that you came to pick me up」

「ufufu, i am glad as well.

then Izumi, change into this dress right away.」

Oh? The tone is different from usual.

Is that a commanding tone?

What is this outfit? It`s a terribly cute dress decorated with plenty of ribbon and frills, with a lot of pink Colors and Lolita Chick design.

I am slightly embarrassed to wear this

「Also, call me Master.

Look, change quickly.」

What is happening here, i don`t understand.

As for me, my clothes were torn off by a lot of maids who suddenly appeared from behind, and by their help the pretty dress was put on me.

Besides, a chain is attached to the collar, and the Emilia grasped it.

Why? Isn`t it crueller than when i handled Emilia?

「Emilia, This, on earth...,..., what kind of thing?」

「I`m your Master.

if you make a mistake again, i will punish you.」

「Ughit,Master , what`s this...」

「As you can see.

because You are mine from today, you have to follow my orders.」

oh, Emilia just wanted me as a slave.
It was my wrong impression to think that she took out a large sum of money and rescued me .
When I think about it again, a tear has come out .

「gusu Master did not like me after all ...」
「No, I like Izumi very much.
But I wanted to conquer Izumi further.
I want to bully Izumi.
I want to change Izumi to my preferences.
I thought so all the time.
But, I thought you might not like it if i revealed my desire , and I might be thrown away and i endured it all the time.
Therefore I wanted to dream that the day would come when I own Izumi.
Hehe, also That dress looks great on you.」

Good, I am not hated.
But i am not relieved! Emilia had lust more than my imagination.
What will happen to me now.

「I love you Izumi.
Accept my selfish (enormous) desire」

Then i was embraced, and kissed.
I weakened from the intense kiss which i never had between us.
Emilia's attack from that was intense.
I who caught Emilia's intense desire have also come to like Emilia which is an extreme sadist.
Afterwards, I spend every day by Emilia's daily love.
I have strayed from the first target a lot, but there is no dissatisfaction in the current state.
I think the chemistry of me and Emilia is still good and I feel rather happy.
